EXHIBITION OVERVIEW

Vinachem Expo - An Integrated Specialized Ecosystem

Unlike general trade fairs, Vinachem Expo is held in conjunction with specialized exhibitions, creating a closed supply chain:

- **Vinachem Expo:** Specialized in the Chemical Industry.
- **CAC Vietnam:** Specialized in Agrochemicals & Plant Protection, fertilizers, plant nutrition, and agricultural materials.
- **VietChem Tech:** Specialized in chemical machinery, production equipment, and technology.

This enables visitors to find end - to - end solutions, from raw materials and production lines to output processing, all under one roof.

A Premier International Platform for Sustainable Innovation - Pioneering "Green Chemistry" Technologies & Global Trends.

Elite B2B Networking & Global Market Expansion:

- Tailored 1:1 Business Networking Maximize your efficiency through our pre-arranged Business Matching sessions. We help you pinpoint and engage with high-caliber distributors, OEMs, and regional partners tailored to your specific needs.
- Technical & Insightful Seminars: A series of specialized seminars featuring industry pioneers and regulatory authorities, providing invaluable insights into new policies, regulations, and strategic market forecasts.

Brand Authority:

- With a proven history of 22 successful editions, this exhibition serves as a vital measure of credibility, enabling businesses to assert their position and enhance brand recognition among industry experts.

Exhibit Categories

Basic Chemicals

- **Acids:** Sulfuric acid, hydrochloric acid, nitric acid...
- **Bases:** Caustic soda (SNaOHS), ammonia (SNH_3S)...
- **Inorganic Salts:** Sodium chloride, potassium sulfate, sodium carbonate...
- **Industrial Gases:** Oxygen, nitrogen, hydrogen, argon...

Organic Chemicals

- Industrial Solvents: Acetone, toluene, methanol...
- Petrochemicals: Ethylene, propylene, butadiene...
- Chemical Additives: Antioxidants, foaming agents, stabilizers...

Industrial Chemicals

- **Detergents:** Soaps, dishwashing liquids, laundry detergents, disinfectants...
- **Paints & Coatings:** Oil-based paints, water-based paints, varnishes, waterproofing agents...
- **Plastics & Polymers:** PVC, PP, PE, PET...

Chemicals for the Plastics Industry

- Virgin Resins: PP, PE, ABS, PVC, PC...
- Recycled Resins: Recycled plastic granules.
- Plastic Additives: Flame retardants, durability enhancers, colorants, processing aids, UV stabilizers, heat stabilizers, fillers...
- Solvents & Mold Cleaning Chemicals.
- Machinery: Plastic injection molding machines, extruders, pelletizers, recycled plastic grinders, mixers, dryers, vacuum loaders.

Specialty Chemicals

- Water Treatment Chemicals: Chlorine, PAC, aluminum sulfate...
- Textile & Dyeing Chemicals: Colorants, mordants, dyeing auxiliaries...
- Paper & Pulp Chemicals: Bleaching agents, sizing/waterproofing agents...

Agrochemicals

- Fertilizers: Nitrogen, phosphorus, potassium, organic fertilizers, microbial fertilizers...
- Plant Protection Products: Insecticides, herbicides, growth stimulants...
- Processing Machinery: Fertilizer mixers, grinders, dryers, pelletizers.
- Application Equipment: Sprayers, agricultural spray drones...
- Production Line Equipment: Raw material grinding, mixing, filling, packaging, and bottling systems.

Adhesives & Bonding Agents

- Polymer-based Adhesives: White glue, wood glue, paper glue, elastic adhesives, concrete adhesives, etc.
- Plasticizers: Used for PU, PVC, and acrylic adhesives.
- Solvents: Used for dissolving polymers and adjusting the viscosity of epoxy, PU, and industrial adhesives.
- Curing Agents (Hardeners): Used in polyester, composite resin, PU, and epoxy adhesives.
- Foaming Agents & Fillers: Used to adjust viscosity and hardness while reducing the overall weight of the adhesive.
- Specialty Additives: Antioxidants, UV stabilizers, and adhesion promoters.

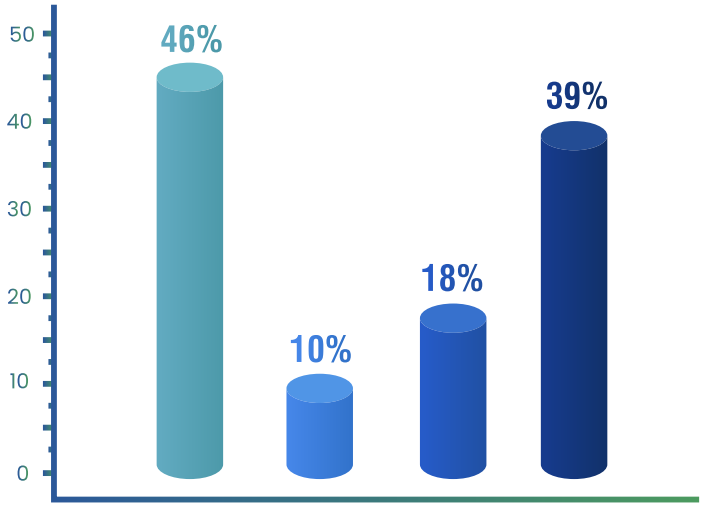

Tire & Rubber Industry

- Natural & Synthetic Rubber: Includes various raw materials and functional additives.
- Tire Products: Tires for cars, trucks, and motorcycles; tubed and tubeless tires, solid tires, smart tires, and self-healing tires.
- Materials & Compounds: SBR, BR, carbon black reinforcement, and sulfur vulcanizing agents.
- Inner Tubes: NR (Natural Rubber), NBR (Nitrile Rubber), and plasticizers.
- Seals & Gaskets: EPDM rubber and anti-aging agents.
- Oil-Resistant Hoses: NBR rubber and peroxide vulcanizing agents.
- Conveyor Belts & V-belts: CR (Chloroprene) rubber and silica reinforcement.
